

2017 Manx In The Middle

Hot Wheels Racing Rules and Instructions

2 Classes-Stock and Modified

Stock- Fresh from package, not modified from the factory

Modified - Modified from original stock from the factory (ie. Wheels, weight, paint, etc)

All entries must be a diecast dune buggy or Volkswagen in 1:64th scale size.
Brand does not matter (ie, Hot Wheels, Matchbox, Tootsie Toy, Jada, etc.)
No lubricants or motors of any kind are allowed.

Racing will be double elimination style. Grid will be compiled in order of entries taken. All cars will be paddocked. Winners will advance to the next round and losers will go to loser's bracket. Winner from the winners' bracket will race the winner from the losers' bracket to determine 1st and 2nd place overall.

Track is 25 feet long with a digital finish line. If a car comes off the track, an inspection of the track will occur followed with a restart. If the car comes off a second time, that car forfeits the race. Lane choice is in order of the entry grid. Owner will place car at starting line. Race official will start the race. If there is a dispute or a question, the race officials have last say.

Limit 1 car per person per class.

No stepping over the track. Stay back at least 2 ft. from the track. Do not disturb the track or finish line after setup is complete.

Not responsible for damage to cars. Race at your own risk.

A practice track will be available for kids and "grudge matches"
